

TYPE 3 = MONTANED ON THE WALL FROM OUTSIDE

INTEGRATED
MOSQUITO NET

SK-45

EXTERNAL ADAPTIVE ROLLER SHUTTER

Possibility to choose a box with
an integrated mosquito net.
Only for boxes over 137 mm.

EASY TO
ASSEMBLE

The box is fully prepared for assembly.
The SK-45 roller shutter box is mounted
on the façade and does not require
any interference with its structure. Therefore,
it can be easily installed on an existing building.
Available in the full range of RAL colours.
